Gentlemen:

In recognition of your outstanding achievement while in support of the Hurricane Gustav recovery effort September 11 - 13, 2008, please accept this letter of commendation. Your effort and determination were essential in successfully completing this project. In spite of Hurricane Ike's winds of over 50 mph and rain, you persevered and completed this project efficiently and timely. In addition, you performed this work without a safety incident. These contributions under duress reflect greatly upon your organization and your efforts are greatly appreciated by the citizens of New Orleans and this great nation.

Essayons,

*Thanks for  
being on the  
TEAM!*

  
Jeffrey A. Bedey,  
Colonel, U.S. Army  
Hurricane Protection Office
